

Easy Clean Clear

Durable protection. Effortless maintenance.

Easy Clean Clear is a high-performance coating developed for a wide range of substrates. It combines advanced chemical resistance with strong adhesion and refined surface aesthetics — providing protection, visual enhancement, and long-lasting product value.

Key Product Advantages

- ➔ **Easy clean surfaces (PU, ABS, PA, PC)**
- ➔ **Superior chemical resistance**
- ➔ **Workable on variety of devices/cases**
- ➔ **Long lasting premium finish**

Features and Benefits

- High stain and chemical resistance
- Fast-cure coating technology
- Supports multi-layer system (primer, color, topcoat)
- Smooth, premium finish for added visual value
- Optimized workability
- Applicable across consumer electronics and accessories
- Contributes to more sustainable, efficient coating operations
